

## **Our Lady of the Taper R.C. Church**

### **Policy on Displaying Images on Parish Website**

In line with current regulations which govern the protection of children and vulnerable adults, and in accordance with the current policy in the Menevia Diocese , we offer the following statement.

We aim to present our parish and the National Shrine of Wales as an active and vibrant Catholic faith community. Any images displayed on the website will aim to secure this objective.

However, we will not display any images of children or vulnerable adults unless express written consent is obtained from parents or carers. Any images which have permission for display, will always reflect genuine church activities; for example church services, processions or pilgrimages. Images will always be displayed in a group setting.

Individual images of children or vulnerable adults will not be displayed and no names or other personal details will be published on the site.

This policy is subject to annual review.

T. S Webmaster, Our Lady of the Taper, February 2010
